

UPDATE ON SKVC ACTIVITIES

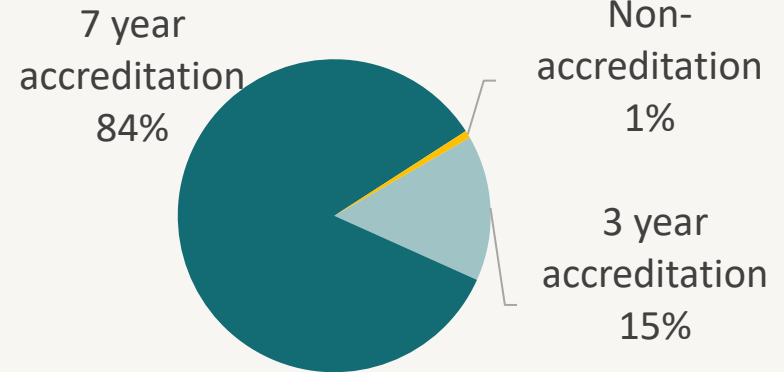

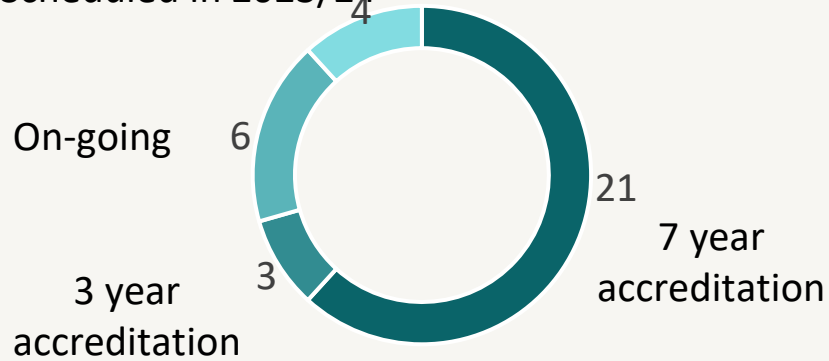

2023-07-26

Regular external evaluation

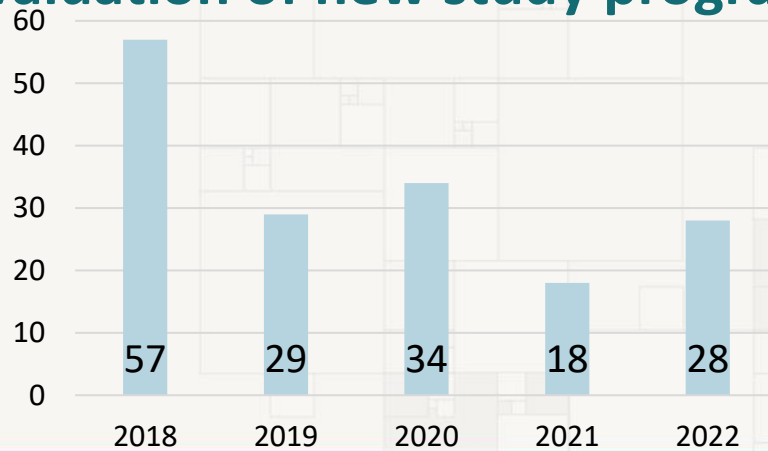

Study field evaluation

Institutional review

Scheduled in 2023/24

Evaluation of new study programmes

OTHER ACTIVITIES

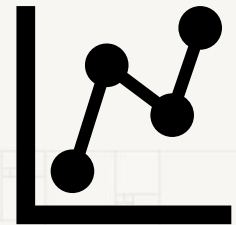

Annual monitoring of study fields

6 performance indicators: *No. of students; admission grade; drop-out-rate; study success rate; student mobility; graduate employment.*

Significant change in 3 or more indicators – extra evaluation may be initiated

Analysis of state professional higher education sector

Commissioned by the ministry. *Aim – to analyse current situation of state colleges of HE and future prospects. Insights on the needs to reform network of HEIs.*

Initiation of 5 mergers of state colleges. Financial support for colleges to strengthen applied research, education quality

€ Incentive state funding for academic and research achievements

6 criteria: completion rate; internationalisation of studies; students's involvement in scientific and artistic activities; accessibility of studies (vulnerable students); funds received by research and higher education institutions from economic operators, non-governmental organizations and individuals for commissioning studies and through support agreements for study activities; graduate employment.

Evaluation of criteria – by SKVC. Additional funding is foreseen for HEIs that has good enough results.

- Introduction of short cycle studies
- Strengthening link between studies and research/applied research
- Higher entrance to HE requirements
- Additional financing for higher quality

Thank you!
